PROFESSIONAL EXPERIENCE:

Department of the Treasury, Departmental Offices Washington, DC 7/11-Present

Senior Manager - Suspension and Debarment Advisor and Charge Card Program Manager – Manages the suspension and debarment administrative remedies program for the Department of the Treasury, ensures that cases are prepared and that due process rights are provided to the respondents; manages 40 staff in the oversight and execution of the Treasury Charge Card Program with an estimated transaction volume of approximately \$500 million and 57,000 cardholders; developed federal wide policies and procedures for suspension and debarment related to tax and tax inversion; conducts live web based training for 400 to 700 federal employees and private sector small business'; and drafted legislation and made recommendations on pending legislation.

- Represents the Treasury with Citibank, J.P. Morgan, MasterCard, and other charge card providers to the Federal Government
- Represents the Treasury at meetings with the White House (Office of Management and Budget), the Congress (House Oversight and Government Reform Committee), General Accountability Office and the Inter-agency Suspension and Debarment Committee
- Designed and executed the business development strategy and capture plan for an electronic suspension and debarment case management program to sell to other federal agencies.

White House, National Economic Council, Manufacturing Policy Washington, DC 1/10 – 6/11

Senior Policy Advisor to the Assistant to the President for Manufacturing Policy – Served as the principal advisor to the Assistant to the President on Manufacturing Policy, Ron Bloom, in the rail and sea transportation sector, infrastructure, innovative and new technology areas, cybersecurity and secure manufacturing. Pursued opportunities to use the federal governments' procurement, policy and trade agreements to develop cutting edge tools and manufacturing.

- Served as a representative for Executive Branch leadership at manufacturing forums, at Deputies level inter-agency meetings, with Congress and key constituents
- Led the oversight and policy input into the \$10 billion national high speed rail program
- Provided manufacturing policy support and guidance in the implementation of aspects of the multi-billion dollar *Comprehensive National Cybersecurity Initiative*
- Was the architect in the creation of a \$4.5 million public private alliance led by the Council on Competitiveness including Deere & Company, General Electric, Lockheed Martin Corporation and Proctor and Gamble
- Advised leadership on cross agency initiatives, international trade agreements, and international financial institutions to improve the security of the manufacturing supply chain
- Conducted economic and cost benefit analysis for principals on high speed rail, agglomeration benefits of rail manufacturing, transportation hubs, the development of combined rail and port facilities, national security manufacturing; sewer infrastructure in key American cities, high risk dams, high risk bridges, and the electrical power grid
- Assessed and implemented new options and uses for the government to maximize the impact for telecommunications, infrastructure, and nano-technology

Department of the Treasury, Departmental Offices Washington, DC 11/07-1/10

Chief, Budget Formulation - Directed the budget formulation unit for the Departmental Offices (DO), Department of Treasury, managed the analytical arm of the Office of Financial Management, conducted a cost benefit analysis of converting the Treasury to solar power and finding general use water saving alternatives, built, vetted and submitting to the Chief of Staff of the Department of Treasury the budget submission for 36 offices with a budget of approximately \$300 million in salaries and programs.

Department of State, The Office of the Director of Foreign Assistance (F) Washington, DC 2/07-11/07

Western Hemisphere Coordinator (The Caribbean)- Served as the country subject expert to the Director of Foreign Assistance for all countries in the Caribbean and Central America. Represented F at key Principals and Policy Coordination Committee (PCC) Meetings. Addressed issues in the US Foreign Policy as it related to the linkages between policy and budget matters in the development and humanitarian sectors.

United States Agency for International Development (USAID), The Office of Global Development Alliances (GDA) Washington, DC 5/06-2/07. GDA is the office to develop public private alliances to facilitate the engagement between public sector development and private sector social responsibility and social sustainability.

Senior Advisor - Served as GDA Senior Advisor to Latin America: coordinated between private sector partners and USAID Missions to encourage the use of the GDA business model to promote social responsibility and sustainable development programs. Developed public private partnerships in Latin America across a range of activities with Nike, Caterpillar, Western Union, National Basketball Association, Mars, and the Organization of American States.

United States Agency for International Development (USAID), The Office of Southern African Affairs & Office of East African Affairs Washington, DC 11/00-5/06

International Cooperation Specialist - Served as the representative for USAID Africa development programs in Washington (Burundi, Djibouti, Eritrea, Ethiopia, Malawi, Namibia Republic of Congo, Rwanda, and Somalia), with the Department of State the USG inter-agency, international donor organizations, and with public and commercial interests. Coordinated with representatives of other USG agencies, international organizations and NGOs to assure that USAID policies were interpreted and applied consistently.
